

SR DAV celebrates the joy of learning science

Shaheed Rajpal DAV Public School, Dayanand Vihar Delhi organised a science exhibition on July 30, 2011. The budding Newtons and Edisons displayed their ideas through exhibits with much confidence. The exhibits included models of Hydraulic Elevator, metro rail, electric bulb, magnetic train, 'Fabric to fibre' etc. Students also made a jet toy car which was the main attraction of the event. This exhibition was part of the year long celebration of the International Year of Chemistry (2011). Students of class VIII highlighted the role of chemistry in various fields through board – display. The world famous scientists and their contributions were remembered through a fancy dress show organised by students of class VI.

Visitors and parents lauded the efforts of the students. Principal Ms. Renu Laroia expressed her delight at the success of the exhibition. Imparting practical knowledge and hands-on learning experience has always been the topmost priority of the school. Moving ahead in this direction, Mrs. Laroia announced setting up of IKEN Scientifica Lab in the school in the school premises to develop experiential learning and 'out of box' thinking. Since, parents have always partnered the projects undertaken by the school a Parent's Orientation Programme was organised for the same. Regular Hands –on- Activity workshops will be organised for students during school hours in association with Mexus Education Pvt. Ltd.
